The various dining rooms include a warm tavern-style bar, a bistro-style wine room, a more formal upstairs and beautiful outdoor dining.

The ownership team includes NHL Hall of Famer Teemu Selanne – also known as The Finnish Flash – a 2007 Stanley Cup winner, former star player for the Anaheim Ducks, and six-time Olympian.

CULINARY HIGHLIGHTS: Selanne Steak Tavern supports local farms and fisheries that practice sustainability, humane, steroid-free raising techniques and pesticide-free growing environments. BEVERAGE PROGRAM:

The restaurant's *Wine Spectator* Best of Award of Excellence collection is located in the upstairs wine cellar where diners can admire 500 of the more than 2,750 bottle inventory.

The discerning wine list is primarily focused on Napa cult wines as well as wines from other California vineyards, including chardonnays, cabernets, cabernet blends and pinot noirs. The list is also recognized for its collection of wines from Burgundy, France. Many of the list's wines are highly allocated, low production, big-scoring selections. There are choices from New Zealand, Italy, Washington, Oregon, Austria, Spain, Germany and Argentina and dessert wines from Canada, California and Portugal, including Selanne's Signature Blend Limoncello. The list has wines by the glass, half bottles and large format selections for special celebratory meals. In addition, the champagne and sparkling list offers distinctive choices, many at drinker-friendly prices. Wine service is enhanced by serving all selections in Riedel glassware and using Riedel decanters.

The Beverage Program features specialty cocktails like Teemu's Moscow Mule. "Selanne On Tap" offers artisanal beers including Laguna Beach Greeter's Pale Ale – all presented in tall, chilled pilsner glassware. Another component of the program includes its proprietary Selanne special reserve barrel-aged bourbons, Negroni, Sazerac, tequila, Manhattan and Old Fashioned. And, there are distinctive tequilas, cognacs, armagnacs and Scotches, as well as choices from the Orphan Barrel Whiskey Distilling Co. and Pappy Van Winkle.

DÉCOR/DESIGN:

Offering a fresh interpretation of classic design, the restaurant is residential in style – infused with an element of whimsy. Materials throughout are influenced by the history and the beachfront appeal of Laguna Beach, with highlights such as slightly distressed wide planked oak wood floors, a color palette of muted grays, whites and cognacs and a rich mix of textures and materials to blend the old and new.

Guests enter through a hand-carved wood door into an elegant foyer anchored by an original brick fireplace updated with sleek white Carrara marble. An oversized, recycled glass and bike chain chandelier graces the stairwell – casting beautiful light on a gallery wall of distinctive artwork and vintage photography. A focal point of the inviting downstairs tavern is the central oak bar – with an inset Carrara marble counter top – reminiscent of traditional New York taverns.

The tavern is distinguished by handsome furnishings such as zinc-topped tables, leather-clad banquettes and French-bistro style wood chairs. Historical nuances, such as classic striped upholstery, etched glass windows and crisp white paneled walls further the timeless appeal.

An adjacent wine room features large photographs of sun-splashed Southern California beaches. These quintessential scenes, as well as a whitewashed original brick fireplace, lend to an open, airy ambiance.

The upstairs dining area continues the transitional theme – with a more formal atmosphere – and is punctuated by distinctive light fixtures inspired by African sea glass beads, cream upholstery and leather furnishings accented with silver nail heads, natural oak flooring, crisp white wood accents and tongue and groove gray ceilings.

Decidedly contemporary touches accentuate the venue throughout, among them large abstract pieces by local Laguna Beach artist, Nick Gaetano; smoked glass mirrors; and unique bathrooms with fire glazed patterned tile flooring and crystal chandeliers. Lending a quixotic touch are quartz mineral accents, framed butterflies and unusual pieces such as an antique zinc horse head from mid-18th century France, a fossilized crocodile skull and an assortment of white-patinaed tortoise shells.

A lovely outdoor patio features dramatic all-white pierced Moroccan light fixtures. By day, this overhead lighting imbues subtle, sculptural beauty while in the evening, the fixtures create a dramatic mosaic of dappled light.
